

## **Lesson 16: Design a Carnival Game**

• Let's design a carnival game.

## Warm-up: Notice and Wonder: Carnival Games

What do you notice? What do you wonder?

## 16.1: Create Your Own Carnival Game

- 1. Use the materials to design your own carnival game.
  - a. What are the rules of your game?

- b. How does someone win the game?
- 2. Test out your game at least one time.
- 3. Redesign your game to include at least 2 of the following:
  - o length or distance measurement in inches
  - time that has passed
  - $^{\circ}\,$  multiplication and division within 100
  - $^{\circ}\,$  addition and subtraction within 1,000

If you have time, play the new and improved game.
