Lesson 10: Write Number Riddles

- Let's write and solve number riddles.

Warm-up: True or False: Add within 100

Decide if each statement is true or false.

Be prepared to explain your reasoning.

- $60 = 25 + 45$

- $70 = 24 + 46$

- $80 = 32 + 37$

10.1: Write Number Riddles

Our secret number: _____
Our **4** clues:

_____

_____

_____

_____

_____

- Write each clue on an index card.
- Make sure the last clue is an addition expression.
- Fold that clue in half.

10.2: Solve Our Number Riddles

Record your ideas as you solve each number riddle.
